## **Our school ethos and values**

Our Vision Statement is: Happily Achieving Together - Nurturing Success

At our school we want: to create happy, resilient, well-balanced life-long learners, who strive to achieve their potential; our skills-based curriculum to be an exciting, inclusive, inspiring, relevant adventure of learning; to provide an open community where we nurture a love of learning for everyone in the school family.

The school has a proud tradition of high academic standards and achievements in a wide range of extracurricular activities such as sports, the performing arts and music as well as focusing upon the development of the whole child through providing opportunities and success in many spheres of school life.

The school benefits from a dedicated and hardworking staff who work closely with the parents, pupils and other stakeholders to ensure the school is constantly looking to improve and create the very best learning environment for all those within our school community. The school is also active in the local community.

We believe that every child has skills and talents that will surface and blossom in a challenging, dynamic and supportive environment.

We believe that we have a key role in society in combating discrimination and promoting fairness, justice and equality through our teaching and in the role models we offer. Our desire is to see every child, regardless of gender, race or ability, achieve the very best that they can in all aspects of school life. We recognise that all children have, and develop, different talents and strengths and that by creating a wide range of opportunities to demonstrate them every child in the school can, and should, achieve things of which they can be very proud.

We provide a happy, caring environment where children feel valued and view themselves as part of the wider community, working together to continually build upon our existing strengths and create a school of which we can all be proud. Our vision and values are at the core of everything we do. They underpin our teaching and learning and provide an environment which prepares our pupils as confident, happy citizens.

## **Fulfilling our public sector equality duty**

### **How we eliminate discrimination, harassment and victimisation:**

Chalfont St Giles Village School does not tolerate direct or indirect discrimination, harassment or victimisation of anyone within our school community, and we are opposed to all forms of prejudice.

The school has robust procedures for dealing with prejudice-related incidents and all staff receive training on these. All incidents are recorded, and this data is shared with the governing body and analysed so that any trends can be identified, and action plans put in place.

Further information on this can be found in our anti-bullying, behaviour, child-on-child abuse and child protection policies.

The Complaints Policy outlines the procedures for reporting and responding to incidents of discrimination, harassment and victimisation experienced by parents and carers and the wider school community.

### **How we advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it:**

Treating people equally does not mean treating them all the same. We recognise that people have different needs, different experiences, different outlooks and face different barriers to achieving positive outcomes.

- We collect and monitor data broken down by different protected characteristics in order to identify inequalities and disparities within our student population in terms of:
  - Progress and attainment

- Admissions
- Attendance
- Exclusions

and within our staff population in terms of:

- Recruitment, retention, training and promotion
- Capability, disciplinary and complaints

We employ appropriate interventions where necessary in order to address disparities. Please see our Equalities Objectives and Action Plan for further details.

- We assess all of our policies and procedures to ensure that no individuals or groups are disadvantaged and to identify opportunities for positive action.
- We make reasonable adjustments to ensure that the school environment and its activities are as accessible and as welcoming as possible to all, in some cases treating disabled people more favourably than non-disabled people where necessary. Please see our Accessibility Plan for further information.
- We ensure that students' work is differentiated appropriately, and that the curriculum is accessible to all students.
- We respect the religious beliefs and practice of staff and students and comply with reasonable requests relating to religious observance and practice.
- We take all reasonable steps to ensure the wellbeing and inclusion of transgender staff and students, including those who transition during their time at the school

**How we foster good relations between persons who share a relevant protected characteristic and persons who do not share it:**

- We ensure that our curriculum offers opportunities to learn about people with a diverse range of identities.
- We teach our students to recognise and challenge stereotypes and prejudice and to value difference.
- We ensure that our resources challenge stereotypes and reflect the diversity of society.
- We take positive action to ensure that people with a range of different identities engage with our school community for example guest speakers, arts groups, school governors, parent/carer helpers etc.
- Our behaviour policy includes a requirement to respect other people and their different identities.
- We celebrate diversity at every opportunity and hold regular assemblies and events celebrating diversity throughout the year.

- Student attendance
- Student performance/achievement
- Student sanctions
- Student rewards
- Staff recruitment, retention and promotion
- Staff disciplinary and capability proceedings

The school also conducts surveys with staff, pupils and parents and carers to identify areas that they feel the school is doing well and areas for improvement.

This information is used to identify any discrepancies between people from different groups and to identify equality objectives.

The school identifies any equality training needs within our staff by reviewing this data and ensuring any gaps in training and knowledge are met. These needs will be addressed, and this may also inform our Equality Objectives.

Our equality objectives may also take into account national and local priorities and issues as appropriate. They are devised in consultation with school governors and are integrated into the school improvement plan. We keep the objectives under review and report annually on our progress towards achieving them.

***Our current Equality Objectives and Action Plan are attached as Appendix 2***

## **Equality Impact Assessments**

All school policies are regularly assessed for their impact on different groups of people with shared protected characteristics. This ensures that our policies, practices and decision-making processes are fair and do not discriminate against any particular groups. It also enables us to consider ways to proactively advance equality.

## **Breaches of this policy**

Breaches of this policy will be dealt with in the same way that breaches of other school policies are dealt with, as determined by the headteacher and governing body.
