Chalfont St Giles Village School

Happily achieving together, nurturing success

5th October 2026

Dear Parents,

On Friday 9th October, you will be receiving notification of your child's performance in the 11+ tests taken earlier this term, if your child took their test in school. If you have registered with Buckinghamshire Council, you will receive this via email.

In order to provide your child with the best support possible, please ensure that you discuss the result with them in an environment free from distractions and interruptions. Please also bear in mind that other families will be receiving their information and be sensitive to their privacy.

Whatever the outcome, it is important to take time with your child to talk about it and to support them in an appropriate manner. You may also wish to consider whether or not it is in your child's best interests for them to know their test scores.

If your child has not achieved a standardised score of 121, then you will have to consider whether you wish to follow the Selection Review (appeals) procedures to gain a place in Grammar School. Information about how and when to do this will be included with your results. This is obviously a very important and often difficult decision for parents to make, and you should talk to me about the issues surrounding a Selection Review for your child.

I would ask parents to bear in mind the scores achieved by their child, any extenuating circumstances that may have affected your child's performance on the 11+ test when making this decision and the potential period of uncertainty that may follow when embarking upon the Selection Review process. At the end of this letter there is a table to show the success rate of each individual score across Bucks in last year's review process. This may help inform your decision. I appreciate, from many years of working in Buckinghamshire that this can be a very stressful period for everyone concerned.

If you are seriously considering going to Selection Review, please request an appointment by emailing the school and we will contact you with a time when I will be able to call you to discuss your situation.

Importantly, make sure you support your child by recognising that, whatever the outcome, they did their very best and you are proud of them for the effort they have put in.

Yours faithfully,

Alastair Haywood, Headteacher
